Discussion

Treasurer report

Gun Raffle was held at The Steel Mill on Monday August 17th, 2026. All tickets were sold and winners have been contacted and posted to Facebook and our website

Looking into hiring someone to help the association with advertising and promotions

Discussing purchasing a Marquee digital sign for our association and Village to be put up with in our community to advertise businesses and upcoming events. Need to touch base with Village President Jeff Gosa on updates from board meeting, the cost, and what we can do to work together with the Village on purchasing.

Monies from meat raffles, guns and cash raffles can help go towards this project along with our scholarship donations and advertising.

Reach out to Coleman Schools and NWTC on laser etching and wood engraving projects for the CCBA.

Email Mr. Polomis about upcoming school events that we as association should be aware of or can help with.

New business

Committee reports
